

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 2	Provide an intuitive and concise user interface to easily identify, collect, analyze, store, staff, display, and disseminate data required to execute the CJCS JTMS	Administrative Functions	Spiral 1	Complete
JTIMS 3	System shall support multiple user groups, user types, and provide clear designation of data	Redesign Login Page	Spiral 1	Complete
JTIMS 4	System shall provide intuitive interface and permit the user to view and access customized data	Redesign Home Page	Spiral 1	Complete
JTIMS 5	System shall permit the user to develop Joint/Agency Training Plans to train assigned individuals, collective units, and staffs to meet training objectives (JTPM)	Redesign JTP Module	Spiral 1	Complete
JTIMS 6	System shall permit the user to record /store Commander's purpose, mission, intent, goals, priorities, responsibilities, procedures, assessment and/or summary	Redesign Tab A, Commander's Guidance	Spiral 1	Complete
JTIMS 7	System shall permit the user to generate a matrix of mission(s) and the tasks (Mission Essential Tasks, Staff, Subordinate Unit and Command-linked tasks) required to accomplish each of the assigned missions	Redesign Tab B, Mission Capability Matrix	Spiral 1	Complete
JTIMS 8	System shall permit the user to import a JMETL of joint tasks considered essential to accomplish assigned missions. The JMETL includes the JMETs, Staff, Subordinate Units, Command-linked tasks, and Responsible organization, conditions, and standards for	Redesign Tab C	Spiral 1	Complete
JTIMS 9	System shall permit the user to identify and view, for each mission, the training audiences responsible for executing each JMET and the commander's assessment (T, P, or U) of each audience's current proficiency, based on completion of an assessment from P	Redesign Tab D	Spiral 1	Complete
JTIMS 10	System shall permit the user to develop and associate training objectives with JMETs and identify the training method (Training Methodology)	Redesign Tab E	Spiral 1	Complete
JTIMS 11	System shall permit the user to generate the event summaries for the JTP that become the input to the CJCS JTMS	Build/Generate Tab F	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 12	System shall permit the user to generate a time line to use as a resource deconfliction or reporting capability within their User Group.	Build/Generate Tab G	Spiral 1	Complete
JTIMS 14	System shall support and document requirements for the execution of planned training events	Redesign Event Module	Spiral 1	Complete
JTIMS 15	Provide event calendar	Event Calendar	Spiral 1	Complete
JTIMS 22	System shall permit the user to assess the level of training performance attained, and document recommendations to DOTMLPF changes.	Redesign Assessment Module	Spiral 1	Complete
JTIMS 23	System shall permit the user to generate reports and queries	Reports	Spiral 1	Complete
JTIMS 24	System shall meet all security requirements for the protection of classified data as part of the architecture for storing, retrieving, and releasing	Security Classification	Spiral 1	Complete
JTIMS 25	System shall provide on-line help and performance aids	Enhanced Performance Aids	Spiral 1	Complete
JTIMS 52	Provide capability to store e-mail address for each User Group for JTIMS alerts/notifications/emails	Establish E-mail Mailboxes for User Groups	Spiral 1	Complete
JTIMS 53	Support Internet Explorer compatibility	Internet Explorer Compatibility	Spiral 1	Complete
JTIMS 58	Provide User Group Favorites List for Training Audience	Training Audience User Group Favorites Library	Spiral 1	Complete
JTIMS 61	System shall permit access to operational readiness and performance data	Requirements	Spiral 1	Complete
JTIMS 79	The Forgot Your Password page should not allow Deactivated and Pending JTIMS IDs to request a new password.	Forgot Your Password Status Filter	Spiral 1	Complete
JTIMS 90	No text provided.	Validate User Account	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 91	Provide User Roles and Permissions (outlined in CDD) for the following: Admin Training Plan Analyst Event Team Lead Execution Analyst Assessment Analyst Financial Analyst Force Provider Stratlift Manager TRANSCOM Stratlift Manager - Provides input of st	Activate Role-based Partitioning	Spiral 1	Complete
JTIMS 92	Provide Published View of JTIMS Products	Provide Published View of JTIMS Products	Spiral 1	Complete
JTIMS 93	Provide links to Program and Support Information	Provide links to Program and Support Information	Spiral 1	Complete
JTIMS 94	Provide Data Entry Edit capabilities based on Role-based Partitioning (Roles identified under Actors)	Enhanced Role-based Partitioning	Spiral 1	Complete
JTIMS 95	Customize data lists for each User Group and allow the User Group Lead to identify default values/tailored views (published and/or working data) - JTP and associated data - Event and associated data - Assessments and associated data - Event Calendar with	Provide Customized Data Views	Spiral 1	Complete
JTIMS 96	Permit user to add, modify, or copy JTP and associated data.	JTP Edit Capabilities	Spiral 1	Complete
JTIMS 97	Permit the User Group Lead and Training Plan Analyst roles the ability to approve JTP data.	Approve JTPs	Spiral 1	Complete
JTIMS 108	Permit user the ability to upload/attach documents	Tab A Document Attachments	Spiral 1	Complete
JTIMS 109	Permit user to document Tab A report contents for JTP	Tab A Development	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 110	Generate output in MS Office compatible formats	Tab A Output Generation	Spiral 1	Complete
JTIMS 111	Permit user to display JMETL from ESORTs	JMETL Display	Spiral 1	Complete
JTIMS 112	Permit user to display assessments completed (TPA)	TPA View	Spiral 1	Complete
JTIMS 113	Provide ability to display or hide all standards	Display/Hide Standards	Spiral 1	Complete
JTIMS 114	Provide ability to display or hide all supporting tasks (staff, subordinate and command-linked)	Display/Hide Supporting Tasks	Spiral 1	Complete
JTIMS 119	Display JMETL from ESORTS	JMETL Display	Spiral 1	Complete
JTIMS 122	Display JMETs from ESORTS	JMET View	Spiral 1	Complete
JTIMS 123	Permit users to select Training Audiences for each task from a Library or User Group Favorites List.	Training Audience Selection	Spiral 1	Complete
JTIMS 124	Permit user to view Task Proficiency Assessments from last training cycle.	Task Proficiency Assessments View.	Spiral 1	Complete
JTIMS 125	Permit user to generate Tab D report of JTP	Tab D Development	Spiral 1	Complete
JTIMS 126	Generate output in MS Office compatible formats	Tab D Output Generation	Spiral 1	Complete
JTIMS 127	System shall permit the user to specify the theme and focus associated with the Training Objective	Integrate TOMaster capabilities	Spiral 1	Complete
JTIMS 128	Provide User Group Training Objective Library capability	Integrate TOM capabilities	Spiral 1	Complete
JTIMS 129	Display Completed Training Objectives	Display Completed Training Objectives	Spiral 1	Complete
JTIMS 130	Permit user to view existing Training Objectives for a specified MET or Training Audience (while developing a new Training Objective).	Training Objectives Libraries	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 131	Include the capability to search and use other tasks from the UJTL (JDEIS Authoritative Source).	Search UJTL.	Spiral 1	Complete
JTIMS 134	Identify POC/Creator information	Training Objective POC/Creator information	Spiral 1	Complete
JTIMS 136	Develop Tab E of JTP	Tab E Development	Spiral 1	Complete
JTIMS 137	Generate output in MS Office compatible formats	Tab E Output Generation	Spiral 1	Complete
JTIMS 148	Permit the user to display User Group Events	Event(s) Display	Spiral 1	Complete
JTIMS 149	Permit the user the ability to Prioritize Events (User Group and JWFC priority)	Prioritize Events	Spiral 1	Complete
JTIMS 150	Permit user to identify whether the event is a JNTC event	JNTC Event Identification	Spiral 1	Complete
JTIMS 151	Permit the user to display key event attributes derived from data elements from JTP/Event Module (Data elements provided by Camber)	Event Details Display	Spiral 1	Complete
JTIMS 152	Permit user to develop Tab F of JTP	Tab F Development	Spiral 1	Complete
JTIMS 155	Permit the user to select User Group or Published data across User Groups.	Display User Group or Published Events	Spiral 1	Complete
JTIMS 156	Permit the selection of different scales	Modify Timeline Scale	Spiral 1	Complete
JTIMS 157	Provide hyperlinks for Event name that will display the Event Details.	Event Hyperlink	Spiral 1	Complete
JTIMS 158	Permit user to generate Tab G of JTP	Generate Tab G	Spiral 1	Complete
JTIMS 161	Provide an Upload Document capability.	Attach/Upload Documents	Spiral 1	Complete
JTIMS 162	Permit user to generate Tab H of JTP	Generate Tab H	Spiral 1	Complete
JTIMS 163	Generate output in MS Office compatible formats	Tab H Output Generation	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 165	Permit user to display summary of existing Events	Event List Summary	Spiral 1	Complete
JTIMS 166	Permit user to select FY to display	Summary View Timeline	Spiral 1	Complete
JTIMS 167	Permit User Group Lead role to publish/unpublish event details.	Publish Event	Spiral 1	Complete
JTIMS 168	Permit User Group Lead role ability to delete Events	Delete Events	Spiral 1	Complete
JTIMS 169	Permit user to view Event status ("Unpublished" or "Published").	Event Status Display	Spiral 1	Complete
JTIMS 170	Permit authorized users the ability to view, add, modify, or copy Unpublished events and associated	Edit Events	Spiral 1	Complete
JTIMS 171	Permit user to document Event Description	Event Description	Spiral 1	Complete
JTIMS 172	Permit user to identify POC/Last Modified By information.	POC/Last Modified	Spiral 1	Complete
JTIMS 173	Permit user to enter Event Employment Dates	Employment Dates	Spiral 1	Complete
JTIMS 175	Permit user to select and identify Scheduling Command	Scheduling Command	Spiral 1	Complete
JTIMS 176	Permit user to select and identify Sponsoring Command	Sponsoring Command	Spiral 1	Complete
JTIMS 177	Permit user to select Event Category: - Interagency/Intergovernmental Training - Joint/Multinational Training - Unassigned - US Component Interoperability Training - US Joint Training - US Service Training - US/Multinational Interoperability Training	Event Category	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 178	Permit user to select Message type required: - No Message Required - Significant Military Exercise Brief (SMEB) - Significant Military Exercise Notification (SMEN)	Message	Spiral 1	Complete
JTIMS 179	Permit user to select the Event Type(s): - Demonstration - Evaluation - Exercise Sensitive - Experiment - JCS - Joint Task Force Training - NATO - Non-JCS Event - Operations - Theater Engagement - Title 10 Service Requirement - Title 32 Training - Trainin	Event Types	Spiral 1	Complete
JTIMS 180	Permit User Group Lead to select the Event Team Lead and the Event Team Lead to select Assistants	Event Owner/POC	Spiral 1	Complete
JTIMS 181	Permit user to select the Event Location(s)	Location:	Spiral 1	Complete
JTIMS 182	Display MET data from JTP Module (provide popup for Training Objectives)	MET Display	Spiral 1	Complete
JTIMS 183	Display Training Audiences from JTP Module	Training Audience Display	Spiral 1	Complete
JTIMS 184	Permit user to add, modify or delete Training Audiences for Event Training Tasks or MET with Event added Training Objective	Edit Training Audience	Spiral 1	Complete
JTIMS 185	Display Training Objectives from JTP Module (linked to task/training audience)	Training Objectives:	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 186	Permit the user to select the Method/Mode for each Training Objective. System will automatically display an aggregate of JTP (& Non-JTP) Training Objective Module Method/Modes and also allow the user to select additional Event Method/modes or remove	Event Method/Mode	Spiral 1	Complete
JTIMS 187	Permit the user to identify Transportation Requests	Transportation Request:	Spiral 1	Complete
JTIMS 189	Permit user to request Force (US-DOD, US Govt (Non-DoD), Foreign and NGO/PVO)	Force Request:	Spiral 1	Complete
JTIMS 191	Permit user to link associated events (Positive Force, Vigilant xx, etc.) System shall force business rule for linked events - all events must be published in order to link.	Link Associated Events	Spiral 1	Complete
JTIMS 193	Permit user to enter Exercise Type in the Details Tab.	Exercise Type	Spiral 1	Complete
JTIMS 194	Permit user to enter Exercise Level in the Details Tab.	Exercise Level	Spiral 1	Complete
JTIMS 225	Permit user to change the scale view	Calendar Scale	Spiral 1	Complete
JTIMS 226	Permit user to select the FY to display	Calendar Timeline	Spiral 1	Complete
JTIMS 227	Permit user to view Event details from Calendar	Event Details View	Spiral 1	Complete
JTIMS 229	Display a calendar legend on each tab.	Calendar Legend	Spiral 1	Complete
JTIMS 260	Permit user to view User Group Events	View User Group Events	Spiral 1	Complete
JTIMS 261	Permit user to select events by FY	Select events by FY	Spiral 1	Complete
JTIMS 262	Permit user to view Training Objective data for selected events	View Training Objective data	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 263	Permit user to add TPOs: - Identify MSEL # - Identify Observer - Identify whether or not the observer felt the training objective was achieved for his/her specific observation. - Permit user to enter observation comments - Permit user to indicate DOTMLPF	Add TPOs	Spiral 1	Complete
JTIMS 264	Display count of TPOs per objective	Count of TPOs	Spiral 1	Complete
JTIMS 265	Display TPE performed or not	Display TPE data	Spiral 1	Complete
JTIMS 266	Display TPE information	Display TPE comments	Spiral 1	Complete
JTIMS 267	Permit users to add TPEs - Display roll-up of TPOs - Identify Evaluator POC - Permit user to enter evaluation comments	Add TPEs	Spiral 1	Complete
JTIMS 273	Provide roll-up view of TPEs	TPE Roll-up	Spiral 1	Complete
JTIMS 274	Permit user to display summary of TPEs	TPE Summary	Spiral 1	Complete
JTIMS 275	Permit user to add a TPA: - Select TPA rating - Document Issues and Resolutions - Provide ability to view TPE data - Provide comments field * Business Rule - If TPA is assessed as U or P, Comments are mandatory	Add TPA	Spiral 1	Complete
JTIMS 277	Provide roll-up view of TPAs	TPA Roll-up	Spiral 1	Complete
JTIMS 278	Permit user to display summary of TPAs	TPA Summary	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 279	Permit user to add a MTA - Select MTA rating - Document Issues and Resolutions - Provide ability to view TPA data - Provide Comments fields	Add MTA	Spiral 1	Complete
JTIMS 283	Permit user to generate Enterprise Reports:	Enterprise Reports	Spiral 1	Complete
JTIMS 286	Permit flexible and tailorable outputs (Report Generation Tool)	Tailorable Output	Spiral 1	Complete
JTIMS 287	Generate output in MS Office compatible formats (Report Generation Tool)	Report Output Generation	Spiral 1	Complete
JTIMS 296	Permit user to classify/declassify data elements.	Security Classification	Spiral 1	Complete
JTIMS 297	Permit user to mark releasable data	Security Classification	Spiral 1	Complete
JTIMS 299	Provide user the ability to portion mark data elements.	Security Classification	Spiral 1	Complete
JTIMS 300	System should automatically generate a declassification date based on 10 year period once a date is entered that is classified. This is based on the executive order 12958. This should be able to be overridden based on the Exemption Categories x1-x8	Automatically generated declassification date	Spiral 1	Complete
JTIMS 306	Incorporate enhanced on-line help capabilities	Incorporate enhanced online help capabilities	Spiral 1	Complete
JTIMS 316	Permit user to display Command Mission(s)	Mission View	Spiral 1	Complete
JTIMS 317	Permit user to display Command METs	METs View	Spiral 1	Complete
JTIMS 318	Permit user to display Staff Tasks	Staff Tasks View	Spiral 1	Complete
JTIMS 319	Permit user to display Subordinate Unit Tasks	Subordinate Tasks View	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 320	Permit user to display Command-linked Tasks	Command-linked Task View	Spiral 1	Complete
JTIMS 321	Permit user to display UJTL task description	UJTL Task Description View	Spiral 1	Complete
JTIMS 322	Permit user to display Conditions and Standards associated with each task	Conditions and Standards View	Spiral 1	Complete
JTIMS 323	Permit user to display OPRs for each task	OPRs View	Spiral 1	Complete
JTIMS 324	Permit user to display POC data for each OPR	POC View	Spiral 1	Complete
JTIMS 326	SMEB	Enterprise Reports	Spiral 1	Complete
JTIMS 333	Conference Report	Enterprise Reports	Spiral 1	Complete
JTIMS 334	MET Training Objective Summary	Enterprise Reports	Spiral 1	Complete
JTIMS 335	Training Objectives by Task	Enterprise Reports	Spiral 1	Complete
JTIMS 337	SMEN Report	Enterprise Reports	Spiral 1	Complete
JTIMS 355	Once the JTP is created, provide a capability to edit the fiscal years.	Ability to edit JTP fiscal start and end years	Spiral 1	Complete
JTIMS 356	Permit user to import JMETL from ESORTS	JMETL Import for ESORTS/DRRS	Spiral 1	Complete
JTIMS 357	Permit user to display MTA data from previous life cycle	MTA Display	Spiral 1	Complete
JTIMS 373	Permit user to view MET data, to include OPR POC details.	MET Views	Spiral 1	Complete
JTIMS 374	Permit user to associate a Training Objective to multiple missions.	Associate Training Objective	Spiral 1	Complete
JTIMS 375	Permit user to Add, Modify, Delete Training Objectives	Edit Training Objectives	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 376	Permit user to document Performance	Edit Performance	Spiral 1	Complete
JTIMS 377	Permit user to document Training Situation	Edit Training Situation	Spiral 1	Complete
JTIMS 378	Permit user to document Level of Performance	Edit Level of Performance	Spiral 1	Complete
JTIMS 380	Ability to associate Methods with each Training Objective.	Training Objective Methods/Mode	Spiral 1	Complete
JTIMS 381	Ability to associate TOs with User Group Events or external events. * Business Rules 1. External event association requires approval from event owner. 2. Classified TOs cannot link to Unclassified Events- provide user with Event Owner contact informati	Training Objective Event Association	Spiral 1	Complete
JTIMS 383	Requirement to generate Training Objectives for a non-mission essential task. Currently, only the User Group METs will be included in the drop down	Training Objectives for non-METs	Spiral 1	Complete
JTIMS 386	Provide library list of CONUS locations to include State	CONUS Location Library	Spiral 1	Complete
JTIMS 387	Provide library list of OCONUS locations - display Country only	OCONUS Location Library	Spiral 1	Complete
JTIMS 388	Permit the user to document comments relative to a selected location.	Location Comments	Spiral 1	Complete
JTIMS 389	Permit user to add additional Training Objectives to METs and Training tasks	Edit Training Objectives	Spiral 1	Complete
JTIMS 390	Permit users to modify Training Objectives (Event Training Tasks and MET TOs added in the Event	Permit users to modify Training Objectives	Spiral 1	Complete
JTIMS 391	System will not update the JTP Training Objectives with TOs added to the Event Module.	JTP Training Objectives	Spiral 1	Complete
JTIMS 395	Permit Training Plan Analyst (for JTP) and Event Team Lead (for Events) to delete Training Objectives.	Delete Training Objectives	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 397	Permit user to identify US, US non-DoD, and Foreign transportation requests	US, US non-DoD, and non-US transportation requests	Spiral 1	Complete
JTIMS 398	Permit user to select the Transportation Segment (Deployment, Redeployment, and Employment).	Transportation Segment	Spiral 1	Complete
JTIMS 400	Permit the user to identify Transportation Dates. If redeployment selected, allow user to identify the "Latest Redeployment Date".	Transportation Dates	Spiral 1	Complete
JTIMS 401	Permit the user to identify Point of Embarkation and Debarkation (Data values provided by TRANSCOM for Military Airlift)	Point of Embarkation and Debarkation	Spiral 1	Complete
JTIMS 402	Permit the user to identify # of passengers	Passengers	Spiral 1	Complete
JTIMS 403	Permit the user to identify STONS/MTONS/Sq. Ft for specific Transportation Types	STONS/MTONS/Sq Ft	Spiral 1	Complete
JTIMS 404	Permit the user to identify whether request includes Outsized Cargo for specific Transportation Types	Outsized Cargo	Spiral 1	Complete
JTIMS 405	Permit the user to identify whether request includes HAZMAT Cargo for specific Transportation Types	HAZMAT Cargo	Spiral 1	Complete
JTIMS 406	Permit user to identify Inter/Intra Theater request.	Inter/Intra Theater request.	Spiral 1	Complete
JTIMS 407	Permit user to document additional remarks associated with each request	Transportation Request remarks	Spiral 1	Complete
JTIMS 409	Provide capability to update data entry elements based on Transportation Type selected(e.g Selection of SEALIFT should display MTOns. Sq. Ft)	Transportation Type tailored data entry fields	Spiral 1	Complete
JTIMS 411	Outsized Cargo & HazMat Cargo - Have a default of yes and when changed to "no" have a pop-up that verifies that you really want to do this.	Cargo Alerts - alert popup	Spiral 1	Complete
JTIMS 414	Permit User Group Lead ability to add a customized milestone for their User Group.	Customized Milestones	Spiral 1	Complete
JTIMS 416	Provide library list, but allow user to remove, modify or add new milestones	Milestone Library	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 417	Add SEALIFT and AIRLIFT T-Day (T-60) to the list of Milestones	SEALIFT and AIRLIFT T-Day	Spiral 1	Complete
JTIMS 419	Provide the T-Day equation in the Milestone Details view	T-Day Equation	Spiral 1	Complete
JTIMS 420	Permit user to select milestone dates	Milestone Dates	Spiral 1	Complete
JTIMS 421	Permit user to identify milestone type (conference)	Milestone Type	Spiral 1	Complete
JTIMS 422	Permit user to select milestone location(s)	Milestone Location(s)	Spiral 1	Complete
JTIMS 423	Permit user to document milestone details or additional information	Milestone Details	Spiral 1	Complete
JTIMS 431	Permit user to identify Force Capabilities Required	Capabilities Required	Spiral 1	Complete
JTIMS 432	Permit user to identify required participation dates (default: Employment Dates)	Participation Dates	Spiral 1	Complete
JTIMS 433	Permit user to select Reason from Library: <ul style="list-style-type: none"> - CONPLAN - Deployment Distribution - Event Control - Event Support - Experimentation - FUNCPLAN - Force Protection - Global Mobility - Interagency Training - Joint Task Force Training - Mission-related Training 	Reason	Spiral 1	Complete

JTIMS Tag	Requirement text	Name	Delivery	Status
JTIMS 434	Permit user to select Force Provider: - DEA - DTRA - EUCOM - JFCOM - NSA - PACOM - SOCOM - STRATCOM - TRANSCOM	Force Provider	Spiral 1	Complete
JTIMS 435	Permit user to select type of Force (DOD, Non-DOD, etc.) Interface display tailored to type selected. Camber provided library data for each type.	Force Type	Spiral 1	Complete
JTIMS 436	Permit user to select Source from Library: - Joint Organization - National Guard - Not Specified - Other - Special Operations Command - US Air Force - US Army - US Coast Guard - US Government Agency - US Marine Corps - US Navy	Source	Spiral 1	Complete
JTIMS 440	Permit user to cancel Unfilled Force Requests.	Cancel Force Requests	Spiral 1	Complete
JTIMS 451	Permit the user to ID the correct transportation mode	Transportation Mode	Spiral 1	Complete
JTIMS 452	Permit the user to identify event milestone	Milestone Tab	Spiral 1	Complete
